Summary

Product & Strategic Design Leader with 20+ years driving experience architecture, design governance, and customer-centric strategies for Fortune 100 enterprise ecosystems. Proven track record translating complex business models into seamless digital products that scale to 30M+ users. Expert at bridging CX, product, and executive stakeholders to accelerate time-to-market, reduce friction, and increase revenue.

Core Competencies

- **Design & Strategy:** Product Design | Experience Architecture | Service Design | Design Systems and Governance | Journey Mapping.
- **Leadership & Execution:** Cross-Functional Team Leadership | Agile/SDLC | Friction Audits | Stakeholder Alignment | Design Mentorship.
- **Tools & Artifacts:** Figma Component Libraries | Wireframing & Prototyping | Generative AI for UX (Gemini | Claude Code | Copilot) How I use AI in projects.

Relevant Work Experience

- **Use research, prototyping, early testing and iteration to incrementally improve, then revamp our mobile plans architecture**
  Case Study: Redesign our core mobile plans architecture from early concept through to delivery
- **Create a design strategy, beta test plan and journey map for a new service.**
  Case Study: Create a design strategy and journey map for a new Satellite service
- **Partner with business, developers, designers, CX, and legal from high level vision to detail design experience across multiple channels, products and teams**.
  Case Study: Build an end to end experience across channels, functions and business units for FCC labels.
- **Champion design craft and organization-wide process:** Mentor junior designers, partner weekly with the Verizon Design System (VDS) team to identify and build forward-looking patterns, work with the accessibility team to ensure compliance in our VDS patterns, and lead design critiques to continually elevate team standards and ways of working.
- **Incorporate AI into design work:** Use agentic and generative AI (Gemini, Claude Code, Copilot, Figma Make) strategically to make work flow better - brief creation, competitive analysis, journey mapping, prototyping, research, and more - but keep the human in the lead. Examples of how I use AI in projects.

Professional Experience

Verizon Consumer Group (VCG) - Basking Ridge, NJ

Lead design strategist/designer on VCG Design team for Mobile and other digital products.

Principal Experience Designer / Architect (2024 – Present)

- **Define Experience Vision:** Lead end-to-end design strategy for mobile products, turning complex business rules into simple digital journeys for customers.
- **Design system & process governance:** Created reusable Figma templates and guidance to help the team launch new promotions faster.
- **Partner with research and other teams to influence strategic direction:** Address current friction points in our mobile plans today, and identify opportunities for future direction of mobile plans to distinguish Verizon from the competition.
- **Cross-functional alignment & stakeholder leadership:** Led collaborative workshops with business, product, and design leaders to solve technical issues and align cross-channel strategies.
- **Mentorship & practice development:** Mentored junior and mid-level designers on design skills, system thinking, and presentations - to foster a design-led culture.

Lead Experience Designer (2021 – 2024)

- **Flagship product strategy (myPlans):** Redesigned the main "myPlan" offerings to simplify customer choices and encourage higher-value plans. Smoothed out friction and increased conversion for customers adding a line, by clearly indicating the low cost of adding a 3rd line, adding $8.4M/mo in revenue.
- **Own end-to-end experience for new streaming launch:** Launched a new streaming combo service (Netflix/Max) that fit the existing service model, satisfied our partners, and removed ambiguity for customers. Remains Verizon's second-best-selling perk, on nearly 11 million mobile accounts.
- **Modernized product experience to increase sales:** Led CX updates for connected device plans (tablets and smartwatches), directly contributing to tablet premium plan activations performing 3.3% above forecast.
- **Cross functional, cross-channel, cross-business unit product label experience:** Spearheaded the UX design and cross-platform implementation for FCC-mandated product labels across all mobile and home services, meeting legal requirements without negatively impacting the plans experience.
